

2020 Report on Tennis Courts

basketball area
 $51' \times 86' = 4,386 \text{ sq ft}$

light green shading
= Resource Protection Area

tennis (sport) court area
 $110' \times 123' = 13,530 \text{ sq ft}$

Background & History of Plans – Part I

The Problem:

The basketball and tennis courts are original (1971) and have deteriorated with multiple cracks in the asphalt and dilapidated chain link fencing. The cracks in the tennis courts are caused by the existence of five feet of uncontrolled fill beneath the courts.

Options from 2010 Engineering Study by Geo-Env:

- 1) Complete refurbishment of both tennis courts. 2010 cost \$122,500.
- 2) Refurbishment to one tennis court. 2010 cost \$92,100.
- 3) Remove courts and return to grass. 2010 cost \$72,000.

Previous General Membership Meeting:

Voted to maintain a multi-purpose court. But insufficient funds to proceed. Dues were increased to build up a fund.

Background & History of Plans – Part II

Conservation Issue:

In 2017 learned of new requirements imposed by Fairfax County. The courts lie within a Resource Protection Area (RPA) and is thereby subject to many environmental regulations from Fairfax County and the Chesapeake Bay Watershed Act that require:

- Rough Grading Plan (RGP) for work that disturbs > 2,500 sq ft.
- Resource Protection Area Exemption
- Water Quality Impact Assessment.

Opportunity:

The Virginia Conservation Assistance Program (VCAP) offers a reimbursement for removal of existing asphalt and return to grass at \$2.50 per sq ft, up to 4,000 sq ft = \$10,000.

General Membership Meeting 2019 – Part I

Three previous options for the court area were reviewed.

- 1) Refurbishment of two courts. Estimated 2019 cost \$165,00 (3% inflation/yr), but one firm suggested more like \$200,000.
- 2) Refurbishment to one court. Estimated 2019 cost \$124,000.
- 3) Remove courts and return to grass. Estimated 2019 cost \$97,000.

RGP engineering plan for County would be an additional cost.

Refurbishment costs are outstripping total saved funds (about \$110,000).

Another option was outlined at that meeting:

- 4) Remove basketball court (\$10,000 reimbursement via VCAP).

Limit refurbishment of tennis court area to repave with milling and a new fence, and paint a basketball court with two nets in the repaved area. It was noted that this is not a permanent fix, but existing courts had 49 yrs of use.

My rough estimated cost \$90,000.

General Membership Meeting 2019 – Part II

A “lively” discussion ensued ending with consideration of two affordable directions: Option 3 (replace court area with grass) and Option 4 (repave court area and new fence). The SSHOA Board asked for direction from the assembled membership.

The motion “in favor of the space to include general purpose courts” was made, seconded, and approved by vote.

Plan A from draft of minutes:

- (a) Remove existing basketball court and return to grass.
- (b) Resurface existing tennis court area to a multi-purpose including a painted basketball court with two nets and an unmarked area (possible lines & a wall could be added later.
- (c) Both areas to include milling and a 2” new top asphalt coat.
- (d) Trees around court to be removed (except Crepe/Crape Myrtles).
- (e) New fence with wind-shield.

General Membership Meeting 2019 – Part III

The membership specified this option as their preference and authorized the Board to engage with vendors to determine cost of implementation. Motion made and seconded that:

“The Board is authorized to spend \$75,000 - \$90,000 (including necessary fees, permits) on Plan A. If the costs exceed \$90,000 a special general membership meeting will be convened to discuss the project and a special assessment or increase in dues.”

Proposed Plan A

SSHOA sport court across the street from
8733 Arley Drive, Springfield VA 22153

Actions and Expenditures to Date (>60 emails)

- 09/08/2019 contacted seven firms and three responded
DeMarr Engineering had the most thorough reply including RGP & VCAP management.
- 10/10/2019 in person meeting with Blake DeMarr at court area (\$250.00).
- 10/15/2019 proposal from DeMarr Eng. for the engineering paperwork.
- 03/12/2020 SSHOA signed agreement for proposal from DeMarr Eng.
Invoiced to present date 9/20 (\$10,352.50)
- 04/16/2020 five documents from DeMarr Eng for County submittal:
 1. Springfield Station Rough Grading Plan (RGP) = 5 architectural size drawings;
 2. Resource Protection Area (RPA) exemption letter;
 3. IRS W-9 form;
 4. Virginia Conservation Assistance Program (VCAP) application
for reimbursement of asphalt removal of basketball court area;
 5. Water Quality Impact Assessment Application.
- 04/29/2020 revised documents based on Board comments.
- 05/01/2020 submittal to County.
- 05/08/2020 County fee for first review of the RGP (\$903.00).
- 06/22/2020 County required a Tree Preservation Plan, change order (\$2,100)
- 07/15/2020 revised RGP submitted to County and fee (\$516.52).
- 07/22/2020 submitted VCAP application for reimbursement of asphalt removal.
- 07/31 – 08/31/2020 three bids received for work.

total expenditures to date: \$14,122.02

Working for Clean Streams and Protected Natural Resources in Fairfax County

CAP Watershed (CAP-W) Application Neighborhood Associations & Places of Worship in Fairfax County

Eligibility Requirements:

- ✓ Practices will be installed on community of place of worship property.
- ✓ Community has approved participation and funding. Volunteer installation hours may be used as match if maximum reimbursement is not reached.
- ✓ Community keeps and maintains practices for 10 years after installation. NVSWCD verifies maintenance and provides technical but not financial assistance for maintenance.
- ✓ VA native species per the Flora of Virginia (vaplantatlas.org) will be used. No new paving will be added.

Questions? Email Kristina Clarin, Kristina.Clarin@fairfaxcounty.gov

CAP-W Application for Project #: _____
Please fill out the entire form completely. Missing information will delay the review process.

- Name of Organization: Springfield Station Homeowners Association, Inc.

Remaining Actions & Expenditures

Waiting for final approval by County and acceptance of VCAP application before work can proceed.

Seek bids for new fence and, as a cost saving measure, save as many fence posts as possible.

Install basketball court with two hoops and painted lines.

Total expenditures:

RGP & VCAP engineering + County permit fees:	\$14,122.02	}	projected
final invoice to DeMarr:	\$337.50		
Demo and repaving of court area:	\$59,695		
New chain link fence & replacement posts (estimate):	\$20,000		
painted basketball court and two posts with nets:	??		
County bond for land development:	\$5,000		
County stormwater drainage fee:	\$308		
	<u>\$99,462.52+??</u>		
future VCAP reimbursement:	-\$10,000		
return of bond:	-\$5,000		
	<u>\$84,462.52+??</u>
